

Wideband Ferrite Floor Absorber **SFA-600**

The SFA-600 is a special wideband ferrite floor absorber designed to facilitate the use of 3, 5 and 10m Semi-Anechoic Chambers (SAC) for full compliance immunity testing in accordance to European Standards (EN-61000-4-3)) and other standards including IEC-61000-4-3.

A test setup for full compliance immunity testing requires 9 ~ 16 panels depending on chamber type, test setup and chamber dimensions.

Specifications:

Spec.	Description
Material	: Ferrite tiles (SD-100: 100 x100x6)
Dimensions	: 600*600*20mm (l*w*h)
Weight	: 17 kg
Color	: Dark grey - black
Frequency range	: 30 MHz – 1 GHz
Product life	: >25 years

**As an option the SFA-600 can be equipped with wheels for easy handling during test setup changes.*

SAMWHA Electronic is one of the leading manufacture in Soft Ferrite Core Market and maintaining a good reputation worldwide. Samwha is promoting for a transition and vault in the rapid Digital of 21st Electronic Market and global competition. **AP-FLYER** is an official partner of **SAMWHA Electronics in Poland** (www.samwha.com). SAMWHA products have the lowest carbon dioxide footprint in the market and are fully compliant with REACH and ROHS.

Production of SAMWHA products is executed under tight quality control according to ISO 9001:2008 and ISO 14001:2004.
